Dear Sir,

I regret to bring to your attention again the fact that no action has been taken in regard to Government Order No. G. 14053-108/Sany. 31-29-29 dated 31st. May 1930, regarding the transfer of the Sanitary and Town Planning Division to the Bureau of Sanitary Engineering. Several months have elapsed since my arrival in Mysore and I regret that very little has been accomplished for want of personnel. I do not believe that this delay is made intentionally, so if the obstacles deterrent to the transfer are brought to light probably some action can be taken to overcome them. I would be pleased to have a reply from you regarding this matter, so that I might inform our New York Office who, I feel, will be quite perturbed over the delay in the establishment of the Bureau of Sanitary Engineering and who might feel that my services could be put to better advantage elsewhere.

Sincerely yours,

J. J. Mieldazis

Dear Mr Madhava Rao,

I am returning herewith with many thanks Mr Micldas letter re the delay in transferring the Sanitary & Town Planning Dy staff. I signed the Govt order on the subject on the morning of the 26th instant before I left Bangalore. There has been no avoidable delay in the matter & I am

glad Mr. Middaugh's
recognizes this. His
remarks at the end
are out of place in
my opinion.

With renewed thanks,

Yours sincerely,

Proceedings of the Government of His Highness the Maharaja of Mysore.

Public Works Department.

Transfer of the staff of the Sanitary and Town Planning Division, to the Department of Health.

R e a d:-

G.O.No.P.W.988-994 dated the 23rd December 1922, according sanction to the formation of a Special Water Supply Construction Division, subsequently designated as Sanitary and Town Planning Division.

(2) G.O.No.P.W.302-34/E.1393-425 dated the 7th August 1923, sanctioning the establishment for the Division.

(3) G.O.No.G.14053-108/Sany.31-29-29 dated the 31st May 1930, directing, among other things, that the Sanitary and Town Planning Division with its present staff (excluding the works establishment) be placed under the control of the Department of Health.

(4) Notes ending with No.D.344 dated the 1st September 1930, by the Secretary to Government, Public Works Department, recommending the distribution of the establishment working in the Sanitary and Town Planning Division, between the Department of Health and the Water Supply Division as shown in the statement annexed.

Order thereon No. 879-87 / 4787-95

Dated, Bangalore the, 27 September 1930.

Government are pleased to approve of the recommendation of the Public Works Secretary to distribute the establishment of the Sanitary and Town Planning Division, between the Department of Health and the Water Supply Division as shown in the annexure. The establishment to be transferred to the - -

Department of Health will work under the Rockefeller Foundation Sanitary Engineer. They will only prepare projects for water supply, drainage or sewerage of towns. The execution of the works will be carried out by the Executive Engineer, Water Supply Division, with the help of the portion of the establishment now to be transferred to that Division. The Sanitary Engineer, or the Executive Engineer posted to work under him, may inspect the works when in progress and offer suggestions by sending notes of inspection ~~of~~ to the Chief Engineer who will take such action on them as he considers necessary.

3. The cost of the Sanitary and Town Planning Division is now being met by the levy of 18% charges on account of Establishment and Tools and Plant on works outlay, while the cost on account of one Sub-Engineer and six Sub-overseers detailed for Sanitary Works is charged to "24 Civil Works - 3 Establishment" and that of the Town Planning Section to "30 Grants for public improvements. The entire cost of the establishment working either under the Rockefeller Foundation Sanitary Engineer or the Executive Engineer, Water Supply Division, will in future be allocated as heretofore.
